## From Encyclopedia Dramatica

**Sean Carasov** aka **Rorschach** is an Internets superhetro who pwns Scifags and pisses them off so much they make lame ED articles about him

Sean Carasov has already been threatened by the Church of Scientology's OSA division who are currently filing legal documents in re: defamation since calling Tom Cruise a devout placentafag is prolly not PC. Carasov responded by hiring the Hon. Judge Lolington to tell them to GTFO. He also called for an #arbchat with David Miscarriage.
